

Mulder Nursing Inc.

Covid-19 Policy

As some of our teaching sites include public or hospital properties, the single highest priority of BCLSGuy will always be the health and safety of its students and the operators / owners of the venue where our courses are held.

In response to the spread of the COVID-19 Coronavirus, BCLSGuy has already taken several steps to reduce the risks and impact on our students.

Our goal is to ensure that students can complete all courses in which they are currently registered.

Recommendations by public health officials indicate that 'social distancing' is the most effective means of protecting students from infection and self-hygiene is key to mitigating the spread of COVID-19.

In cooperation with our associates, BCLSGuy is announcing that:

- All posted courses that are to be held at public venues are cancelled up to March 2021.
- **Courses at JBH and CMH will resume in the Spring of 2021 with restricted access.**
- **Courses at McMaster will resume in the Summer of 2021 and are subject to location change.**
- Students will be contacted through digital channels with specific arrangements as to how each course will be completed.
- BCLSGuy will provide updates on this website and via our social media feeds.

These unprecedented measures will be disruptive. However, we trust that all of you will understand that they are necessary and being implemented for the benefit of all.

Thank you for your understanding and cooperation in these extraordinary times, especially our instructors and staff, who are working diligently to ensure our operations continue to run efficiently as this complex situation unfolds.

Your Consent

By using our site, you consent to our [privacy policy](#).

Changes to our Covid-19 Policy

If we decide to change Covid-19 policy, we will post those changes on this page.
This policy was last modified on February 20, 2021.
